**Summer Officiating School (August 10-14th at Lake Cowichan)

We request that each MHA post and circulate these pre-established dates well in advance to candidate team officials so that planning can begin early. BC Hockey is looking at opening up each clinic this year for registrations to everyone from the start (ie. first come, first serve basis).

Please note that specialty clinics such as Checking Clinic and Development 1 will be handled as per past practice by booking through BCH and Officiating (referee) clinics will still be dealt with as per normal practice between the respective MHA Referee in Chiefs and the RCMs.
